Section 1: Analysis and supporting detail

Background

- 1.1 Board and People Committee have agreed an organisational Anti Racism Statement. This paper sets out in detail the plan in place and proposed implementation including timelines to make the statement a reality in practice.
- 1.2 The Anti Racism statement is shown below. It sets out an aim that we will be an actively anti racist organisation, it is this aim that is the focus of our implementation action. The statement is also intended to focus open discussion of racism in our organisation, be it systemic, direct, or indirect with the aim of progressing to a position where achieving the aim set out in this statement is recognised as everyone's business.

Our Anti-Racism statement

We aspire to be an actively anti-racist organisation. This applies to people who work in our services, people who use our services and everyone who comes into contact with our organisation.

This means that we recognise that racism and racial inequality exists, that it is absolutely unacceptable and that we have a responsibility to challenge and actively tackle all forms of racism - including microaggressions.

We accept that we have not made as much progress as we should have on all issues related to race. We are committed to changing this. We encourage and support all our staff and stakeholders to join us in this endeavour.

Implementation

1.3 The statement was co-produced with the Big Conversation Steering Group and our organisation's Ethnically Diverse Staff Network Group were involved in agreeing the final version. Board and People Committee have supported this statement as outlined in previous papers to Board.

- 1.4 The Statement was launched at the Working Together conference on the 16th December 2021. The statement was also used as a focus for discussion at the organisations Autumn away day workshops in late 2021 focused on 'what can I do to make the organisation anti racist'.
- 1.5 Resources have been produced to support the roadshows planned to take place as the situation with Covid improves.
- 1.6 As planned the Equality Diversity and Inclusion (EDI) Engagement Lead (WRES) will be leading a number of actions including on-going co-production and review though the Ethnically Diverse Staff Network Group.
- 1.7 A detailed action plan is provided in **Appendix 1** this focuses on four areas:
 - Communication
 - Embedding
 - Measuring Progress
 - Aligned Action
- 1.8 Implementation will be delivered through the Big Conversation Steering Group, overseen by the Inclusion and Equality Group, and reported for assurance to the People Committee. Progress will also be discussed at the Chairs of the Staff Network Groups meeting.

Section 2: Risks

2.1 There is a risk that planned action will not progress – lack of capacity to deliver Equality, Diversity and Inclusion work has previously been addressed through recruitment of a specific post as noted above, the situation with Covid19 is unavoidable and our action plan may have to be revised in response to this.

Section 3: Assurance

Benchmarking / Triangulation

Not applicable to this report

Engagement

3.1 As noted above engagement will take place through the Ethnically Diverse Staff Network Group and facilitated at service level through the Equality, Diversity and Inclusion Engagement Lead. We will take forward discussions regarding service user engagement through the Inclusion and Equality Group in February 2022.

Section 4: Implications

Strategic Priorities and Board Assurance Framework

- 1. Transformation Changing things that will make a difference
- 2. Partnerships Working together to have a bigger impact
- 4.1 Embedding the aim of the statement in practice is relevant to the above Strategic Priorities and going forward will support retention, improve wellbeing and improve the environment and experience for people who use our services.

Equalities, diversity and inclusion

4.2 This paper is directly related to all of our Equality Objectives and in meeting the Public Sector Equality Duty set out in the Equality Act 2010.

Culture and People

4.3 The proposals set out in this paper will be fundamentally achieved through a change in organisational culture, plans will also be discussed with the Head of Leadership and Organisational Development this is included in the action plan.

Integration and system thinking

4.4 Addressing racism is a fundamental aim within the Integrated Care System, with detail provided in the previous paper to Board (22-09-21) asking for support for the statement.
